Doug Bugie --Candidate United States Congress

Bernie, you contribute to Greater CLE in so many ways, more than most people (including me) even know about. I'll never forget hosting a forum at the Republican Convention (unfortunately, I don't think the is could or will happen at then next one). the forum was on what huge contributions immigrants have always made to build our great nation.

America is built on immigration, period! 2 out of 3 new jobs are generated by immigrants and something like 50% of Fortune 500's are led by them. This is just the tip of the iceberg.

Your story at the forum was amusing, enthralling and optimistic. It would have been great if you were born in Parma, Ohio! You arrived in America with a dream and a fire that has made you legendary and a huge contributor to CLE and the nation. Thank you.

I hope and trust that the wisdom of the American populace will re emerge and we will again welcome hundreds of thousands of immigrants to legally arrive, build lives and businesses here and contribute.
